Facility/Permit Number:

**37-AA-0922****12. Legal Description of Facility:****8152 Commercial Street, La Mesa, San Diego County, CA 91941****The property's legal description is described on Exhibit A of Appendix I of the Report of Station Information dated March 1997.****13. Findings:**

- a) This facility is a processing and transfer station and the site identification and description of the facility has been submitted to the task force created pursuant to PRC § 40950 for review and comment, pursuant to the procedures set forth in Public Resources Code § 50000 (d). (A County-wide Integrated Waste Management Plan has not been approved by the CIWMB). The local task force provided written comments on February 27, 1997.
- b) The LEA has determined that the design of the facility would allow for the facility operations to be conducted in compliance with the State Minimum Standards for Solid Waste Handling and Disposal, based on a review of the March 1997 Report of Station Information.
- c) This permit is consistent with standards adopted by the California Integrated Waste Management Board (CIWMB). Public Resources Code, § 44010.
- d) The LEA has reviewed and considered the information, including the environmental effects of issuing this Solid Waste Permit, contained in the Final Environmental Impact Report (FEIR) prepared by the City of La Mesa and approved on March 25, 1997, and finds there are no significant unmitigatable environmental effects arising out of the issuance of this Solid Waste Permit. The LEA has further filed a Notice of Determination with the County Clerk dated May 19, 1997, on this new Solid Waste Facility Permit.
- e) The following authorized agent has made a determination that the facility is consistent with, and designated in, the applicable general plan: Brad S. Richter, Senior Planner, City of La Mesa Community Development Department. Public Resources Code § 50000.5(a).
- f) The following local governing body has made a written finding that surrounding land use is compatible with the facility operation, as required in Public Resources Code § 50000.5(b). City Council of the City of La Mesa.
- g) The LEA finds that this project site may overlie the closed solid waste disposal site known as the La Mesa Burnsite.

**14. In addition to the terms of this SWFP, the following documents and condition, describe and restrict the operation of this facility:**

Facility/Permit Number:

37-AA-0922

### 16. LEA Conditions:

- a) Without prior written or verbal approval from the LEA to allow otherwise, waste may be accepted only during the hours described in the most current RSI.
  - b) The operator shall maintain a copy of this permit, Report of Station Information and State Minimum Standards for Transfer/Processing Station at the site at all times.
  - c) No significant change in design or operation of this facility shall be taken without prior application to and approval by the LEA (Public Resources Code § 44004).
  - d) Additional information related to compliance with this permit or information concerning the design and operation of this facility shall be furnished to the LEA upon request.
  - e) Stored recyclables shall not interfere with facility operations or cause a public health nuisance as determined by the LEA. The LEA reserves the right to reduce the maximum storage time of recyclables necessary to protect health or prevent a nuisance.
  - f) The operator shall maintain, and keep current, records of weight and types of waste received per day. These records shall include the final disposition of transferred waste and recycled materials (San Diego County Code of Regulatory Ordinances § 65.107).
  - g) The operator shall maintain, and keep current, a record of all vehicles hauling waste to the facility.
  - h) If the proposed dust control systems fail to be adequate for the control of dust in the operations of the facility, the LEA may require additional mitigation measures be installed.
- Stored greenwaste shall not interfere with facility operations or cause a public health nuisance as determined by the LEA. The LEA reserves the right to reduce the maximum storage time of greenwaste necessary to protect health or prevent a nuisance.
